

EBBM
SERVICES

EBM Group is a professional level building, shopfitting, carpentry and joinery business, based in Sydney NSW.

We have been in operation for over a decade and have a large portfolio based on residential and commercial jobs.

Our clients include: **Asset Group Services, LAHC , MNI, Sydney Airport** ect.

Our company has been experiencing a rapid growth due to the continued success of our projects and our ever growing portfolio.

OUR PROCESS

Initial Meeting

We can arrange a meeting to discuss what options would be available and discuss what you are expecting out of a new project. We will work together with you to discuss the available budget and meet all of your needs.

Design

A design team will bring your vision to life by planning, designing the layout and drawing up your new concept.

Planning and Legal Documents

Now the concept is done. We will now assist you with all the council approvals and legal documents needed to continue through to our next step.

Quotation

A quote will then be provided on final design concept and plans

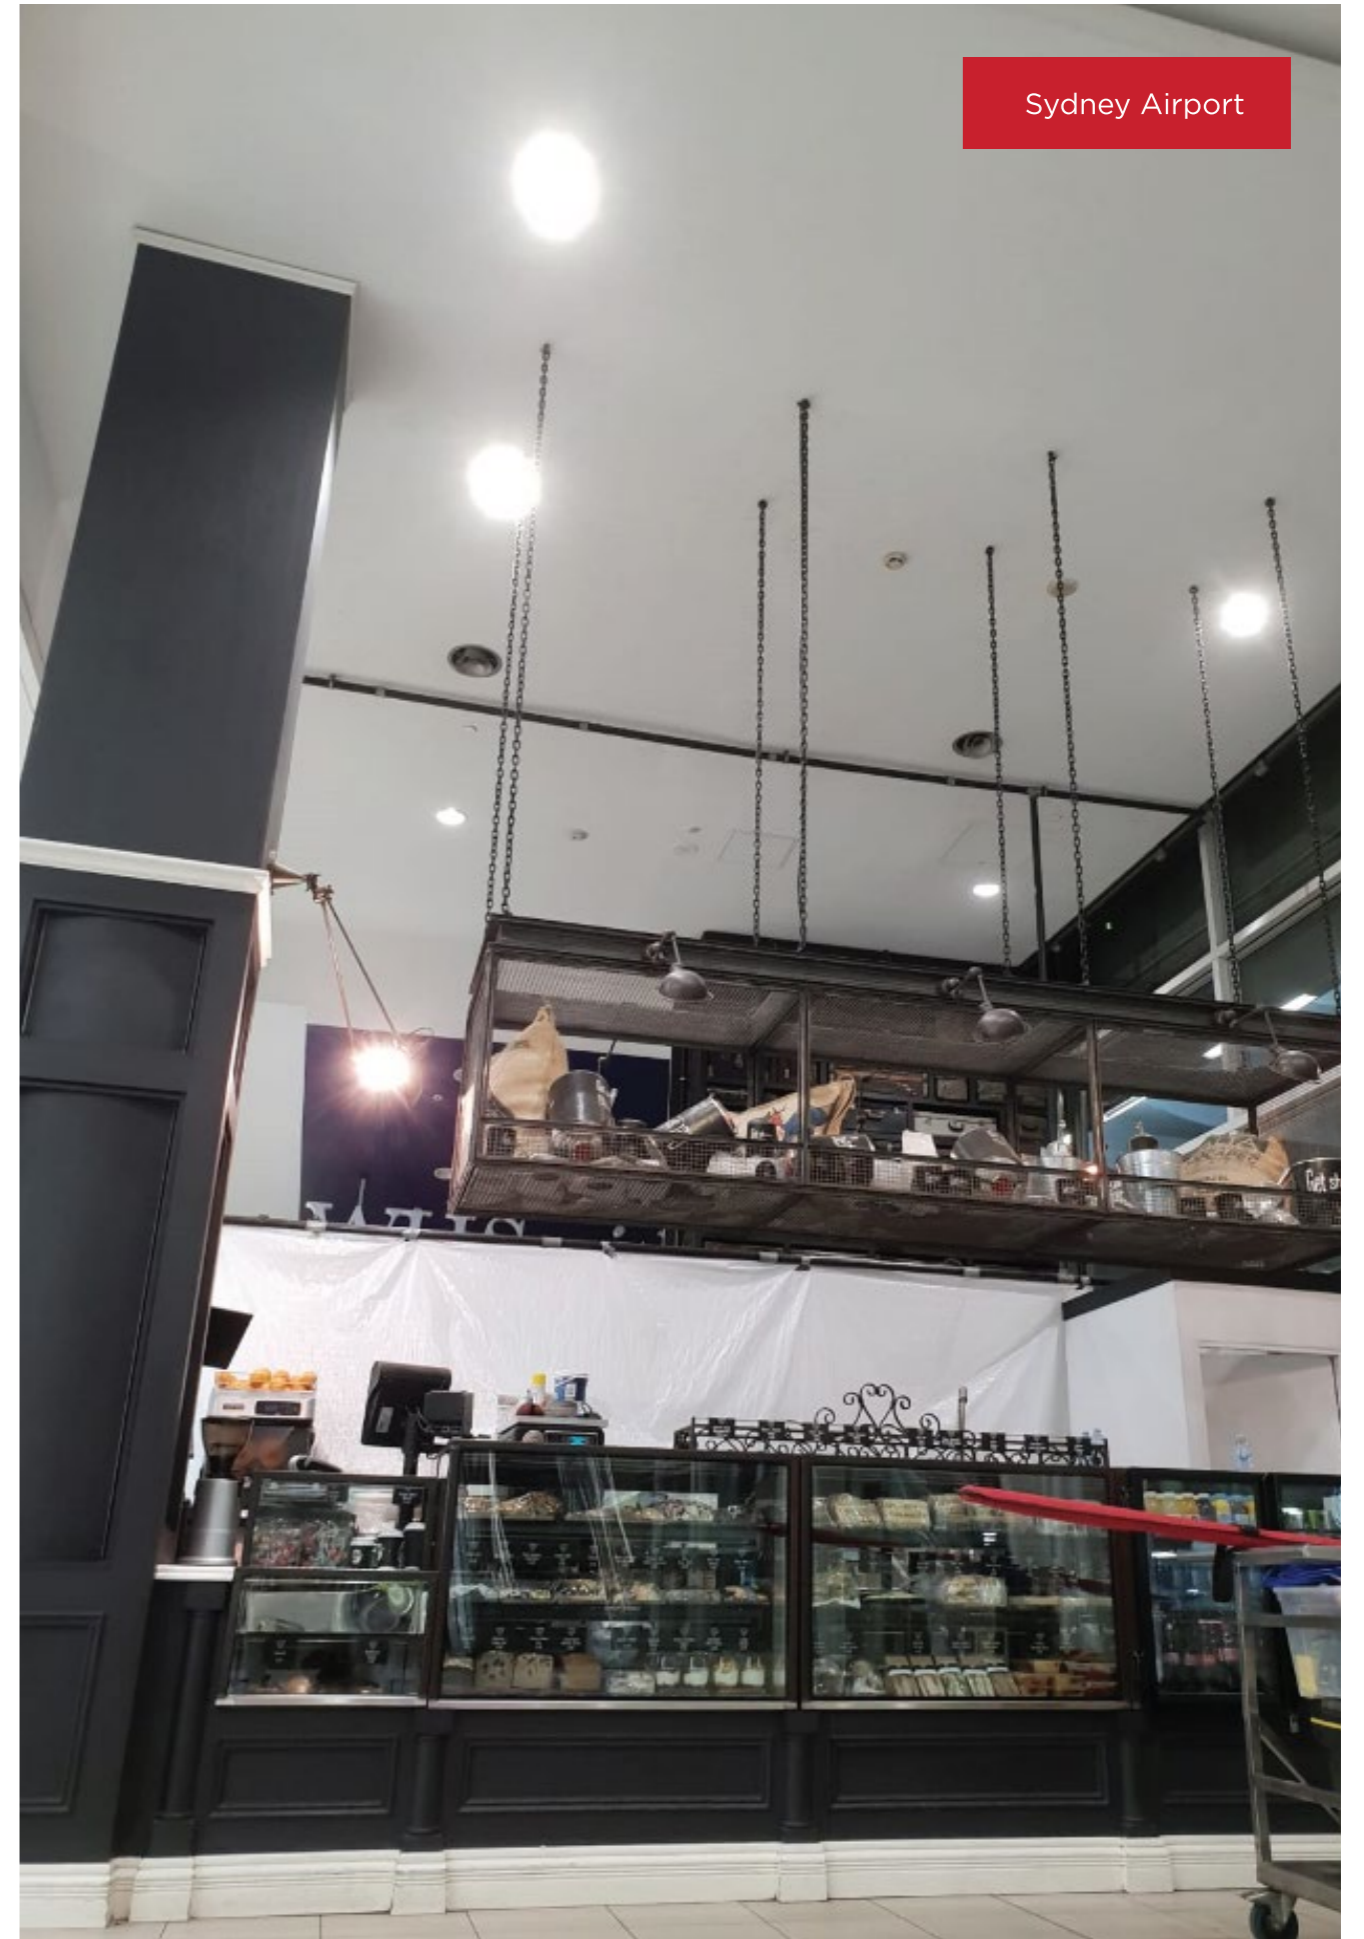

Construction

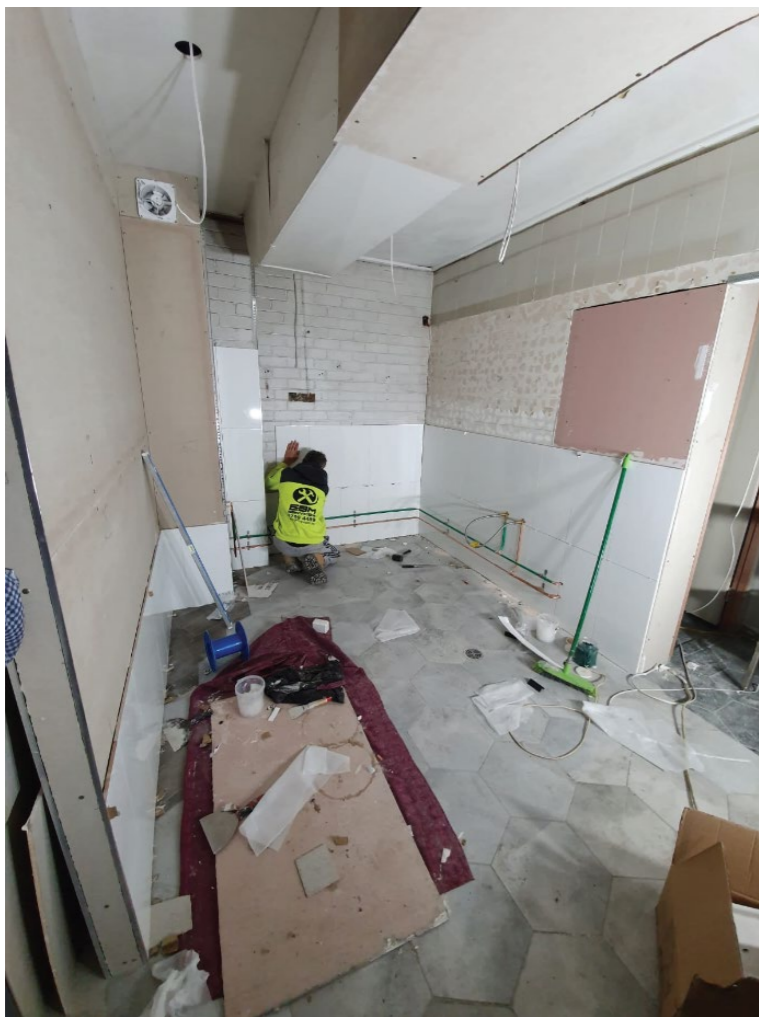

Now we bring your vision to life. EBM GROUP will now start the fit-out we have been planning, Managing the entire project from start to finish.

Hand Over

We now ensure that the client is highly satisfied with the end result by taking them through the site, once we have finished our final touch ups and final clean. Our work here is done.
